RE: **PROJECT NO 40202 – AUBURN RAVINE LIFT STATION IMPROVEMENTS**

Dear Mr. Onken:

I am writing this letter to complement you and your staff at CWI on the successful completion of the Auburn Ravine Lift Station Project. CWI's staff dedicated themselves to providing a quality finished project and worked well with County staff to resolve difficult construction related issues. The County's construction management team, design staff and Utility crews are pleased with the overall construction and the operation of the facility. The facility has performed flawlessly this fall and winter, handling heavy flows during recent storm events by adjusting flows and storage to prevent overflow conditions at the lift station and the siphon at Canal Street.

Thank you for your efforts on this project. We look forward to working with you on future projects.

Sincerely,

Bill Zimmerman, P.E.
Environmental Engineering Manager
